Graduate survey: A love–hurt relationship

Exercises

Ex.1. Look at the diagrams and describe the results of the research in 3-4 sentences.

Ex.2. Answer the question based on your own experience. Try to make your answer short and clear. Use active voice.

1) Why did you start your PhD program?
2) Are you satisfied with your mentorship?

3) What would you like to improve in your doctoral program if you can?

4) Are you feel stressful or anxious thinking about PhD study, results or career?
